

RACK24™

The Ultimate Media Server for Convenience, Performance, & Reliability

DROP-N-RIP™

EASY 1-STEP

Includes Drop-n-Rip™
Feature for Simple,
Easy Disc Archiving*

- Easily archive* Blu-rays, DVDs, & CDs with Drop-n-Rip™
- DualRip™ music CDs into two separate formats to enjoy lossless quality and universal portability
- Cover art and rich metadata are tagged with every archived title
- True RAID6 protection standard with 24/7 storage monitoring
- Expandable storage for up to 10890 DVDs or 2640 Blu-rays
- Supports streaming to 10 or more extenders simultaneously
- Works with NuVo® & Russound® for multiroom audio distribution, as well as Sonos®, SqueezeBox®, & other networked audio players
- Built-in remote management for ultra-convenient monitoring

Easily organize your movies & music by storing it on the RACK24 with its Drop-n-Rip™ feature! Simply:

- Open the disc tray
- Drop the disc in
- Close the tray

...and RACK24 will automatically archive your disc! Your collection is safely protected with advanced RAID technology and multiple, redundant power supplies - assuring minimal downtime!

No matter your collection size, RACK24 is ready. With expandable storage, you can grow your collection up to 10890 DVDs or 2640 Blu-rays – all in a single unit!
