<b>** Options **</b>	
<b>Dealer Price (MSRP in parentheses)</b>	
<input type="checkbox"/>	Upgraded 2.4GHz CPU (~15% faster)
<input type="checkbox"/>	Blu-ray streaming software (only if no BD drive)
<input type="checkbox"/>	Slot-load Blu-ray Drive (includes BD software)

**Important note:** RoomClientHD DOES NOT support HDCP through an intermediary device. Final video output source must be connected directly to the RoomClientHD for proper HDCP support.
