

Thank you for your interest in ordering a custom enclosure from VidaBox!

Please be advised, **this service is not included in the price of the items.**
An **additional charge must be paid** to receive your customized enclosures.

Current pricing is:

- Per-run Charge / Setup: USD \$275 to set up the template, graphics, and pre-flight per unique design
- Per-Print Charge: USD \$27.50 charged per enclosure.

If you haven't placed the order yet, be sure to add the following two services to your order, or order them separately if the items have already been purchased.

1. Per-Run Charge / Setup:

<https://www.vidabox.com/kiosks/custom-printing-setup-vesa.html>

2. Per-Print Charge:

<https://www.vidabox.com/kiosks/custom-printing-per-enclosure-461.html>

IMPORTANT: Be sure to increase the quantity to match the number of VESA enclosures ordered!

* * * * *

Additionally, **custom enclosures are only available from our US/Global warehouse.**

International customers are still welcome to purchase customized enclosure using their local currency, but please be advised these will be shipping out from the United States. You will likely be responsible for paying customs or landing charges as calculated by your local customs agents & government import agencies.

Please feel free to contact us with any questions. We can be reached at:

- clientsupport@vidabox.com
